

B/A PRODUCTS CO.®

We have always prided ourselves on not just the quality of our chain but also on the quality of our plating. Superior plating will increase the life and value of your chain exponentially.

Testing Your Products Inside and Out. The Name You Trust. *Since 1978*

Salt Spray Testing Results: Can you guess which chain is from B/A?

B/A Products Co.

See the difference? *B/A's custom rack plating process makes A HUGE difference when it comes to extending the life and increasing the value of your chain.*

Competitor A

Competitor B

Actual chains are available for inspection and will be on display during the next B/A Products Co. Open House. Salt spray testing conducted by DKS Testing Services, an independent third party located in Brockport, PA.
